## NCR self-service: Innovation with experience

- Small footprint
- Rugged construction
- Superior serviceability
- Intuitive operation

NCR is very excited to present the NCR EasyPoint Xpress Check-Out self-service solution. With more than 45,000 self-service kiosks deployed worldwide, NCR offers innovation with experience. Our self-service solutions have been tested and proven in real world settings to increase customer satisfaction, improve operational efficiency and maximize revenue. In a hospitality environment, NCR EasyPoint Xpress Check-Out provides your guests with a quick and easy way to checkout without staff assistance and check their folio balance at any time during their stay. The convenient key drop slot allows guests to quickly checkout, drop their keys and go.

### Good Things Come In Small Packages

NCR Xpress Check-Out delivers superior versatility in a compact and secure footprint. Leveraging an Embedded ATX motherboard, an Intel® Pentium® 4 processor and the latest Microsoft® operating systems, the NCR Xpress Check-Out delivers outstanding performance. NCR offers a full range of peripherals with patented packaging and mounting options to provide you with a comprehensive solution to your self-service needs. This combination of performance, packaging and mounting enables easy installation virtually anywhere, including a tabletop, shelf, pole, wall or pedestal.

### Robust, Durable, Dependable

To ensure the highest quality, reliability and safety, the NCR Xpress Check-Out undergoes comprehensive environmental and compatibility testing. Manufactured under strict NCR quality standards, all retail-hardened NCR EasyPoint kiosks offer a stable, managed platform and support longer lifespans for superior investment protection.
